

# COMPRESSED AIR SYSTEMS EDUCATIONAL SEMINAR

*A One-Day Seminar For Plant Engineers and Maintenance Personnel*

## Compressed Air is the Fourth Utility!

Along with gas, electricity and water, compressed air is essential to most modern industrial and commercial operations. It runs tools and machinery, provides power for material handling systems and ensures clean, breathable air in contaminated environments. It is used by virtually every industrial segment from aircraft and automobiles to dairies, farming and textiles.

Your plant air system is an integral part of your operation. Mistakes and shutdowns can be costly, time-consuming and frustrating.

With a properly installed, dependable compressed air system, you should be able to confidently concentrate on other aspects of plant operation with few worries about the operation of your plant air system.

**PLUS A QUESTION AND ANSWER SESSION WILL ALLOW THE EXPERTS TO ADDRESS YOUR CONCERNS ABOUT YOUR PLANT AIR SYSTEM!**

With the information provided at this seminar, you can be assured of gaining knowledge so powerful that you can save yourself time and frustration and your company money.

## Register Today – It's Well Worth Your Time

Just fill in and return the registration form:

- Mail form to: 1260 W. Main Avenue De Pere, WI 54115
- Fax form to: 920-336-2241
- Email form to: [mary@cprservicesinc.com](mailto:mary@cprservicesinc.com)
- Register online: [www.cprservicesinc.com](http://www.cprservicesinc.com)
- Call us toll-free: 1-800-242-0010, x200

*April 21 & 23, 2009*

### SPONSORED BY:

CPR Services, Inc.  
Compressor & Pump Repair Services

### Sales & Service Locations:

De Pere, WI  
New Berlin, WI  
New Prague, MN

### LOCATIONS:

April 21<sup>st</sup> – Burnsville, MN  
April 23<sup>rd</sup> – Brookfield, WI

**JUST \$175 PER PERSON**

**\$125 EACH FOR GROUPS OF 4 OR MORE**

### FEATURED SPEAKER:

Roy A. Stuhlman  
Vice President  
Kaeser Compressors, Inc.

Mr. Stuhlman has been a leading innovative influence in the compressed air field for over 30 years. He has vast experience in the application, theory and maintenance of compressed air systems. Mr. Stuhlman has been the featured speaker for many plant engineering groups including AFE and SME. He has been the primary speaker at over 200 Compressed Air Systems Seminars.

### ALSO FEATURING:

Mark Olson  
Midwest District Manager  
Kaeser Compressors, Inc.

Mr. Olson has over 10 years experience in the compressed air industry.

### SPECIAL GUESTS:

#### Brookfield Seminar:

Don Gall – Energy Advisor – WI Focus on Energy  
George Roemer – Energy Engineer - WE Energies

#### Burnsville Seminar:

Bob Zaragoza – Product Portfolio Mgr – Xcel Energy

# A One-Day Seminar For Plant Engineers and Maintenance Personnel

## TWO DAYS & LOCATIONS TO CHOOSE FROM:

Dates: **TUESDAY, APRIL 21, 2009**  
Locations: Holiday Inn Burnsville  
14201 Nicollet Avenue S.  
Burnsville, MN 55337

**THURSDAY, APRIL 23, 2009**  
Best Western Midway Hotel  
1005 South Moorland Road  
Brookfield, WI 53005

Time: 8:30 am to 3:30 pm

Fees: \$175 per person / \$125 for groups of 4 or more

### Details:

- ✓ Check in opens at 8:00 am.
- ✓ Course will begin promptly at 8:30 & wrap up by 3:30
- ✓ A continental breakfast will be provided in the morning.
- ✓ A full-course lunch will be provided and served at noon.
- ✓ Afternoon refreshments will be provided
- ✓ Space is limited. Please register as soon as possible.
- ✓ Pre-registration is required to attend the seminar.
- ✓ Registration ends April 16, 2009.
- ✓ **You won't leave empty-handed!** Each attendee will receive a compressed air systems manual and installation guide loaded with important information and illustrations covered during the seminar and a certificate of completion.

### This seminar will teach you and your personnel:

- ✓ Basic principles of compressed air
- ✓ Compressor types and operation
- ✓ Taking control of your compressed air costs
- ✓ How to properly size compressed air equipment
- ✓ How to design an efficient compressed air system
- ✓ Tips for general installation
- ✓ Air compressor types, applications and selection
- ✓ Compressed air filtration
- ✓ Compressed air storage
- ✓ Air system piping
- ✓ How to properly evaluate energy consumption
- ✓ Troubleshooting

**Please Note:** The intention of this course is to educate. This is not a sales seminar. It is geared to anyone looking for a more thorough knowledge of compressed air systems.

## Registration

### FIVE WAYS TO REGISTER:

- ☎ ..... 800-242-0010, x200
- ✉ fax ..... 920-336-2241
- ✉ email ..... mary@cprservicesinc.com
- website ..... www.cprservicesinc.com
- 📍 ..... 1260 West Main Avenue  
De Pere, WI 54115

Brookfield, WI    or     Burnsville, MN

### PAYMENT METHOD:

- Check # \_\_\_\_\_
- PO # \_\_\_\_\_
- Credit Card (AMEX, VISA, M/C)  
Type \_\_\_\_\_
